

Make Sure Those Valuable Holiday Gifts Are Protected

Did you receive new computer equipment this holiday season? A new piece of jewelry? Musical instruments, high quality cameras, or golf clubs?

If you were given a valuable gift, you may want to take steps to **protect it against loss**. While most homeowners insurance covers a certain amount of personal property, **many high-value items have limited coverage** or may be excluded from your policy entirely.

Some items you should consider getting additional insurance on include:

- Jewelry
- Cameras
- Silverware
- Fine arts
- Rare and current coins
- Furs
- Musical Instruments
- Golf Equipment
- Collectible Stamps
- Computers
